

# KAHWA MEETING#4 IN LEBANON

JULY 27 - AUGUST 2, 2021

## Foreword

The fourth edition of the KAHWA Meeting organised by **Circostrada** from July 27th to August 2nd, in partnership with **Hammana Artist House** and **Collectif Kahraba** in Lebanon will be somehow special this year. The meeting was originally set up and imagined in the frame of the **festival Nehma wel Amar wel Jiran**, which should have taken place in four different cities of the country, including Hammana, under the artistic direction of Collectif Kahraba.

However, since the governmental measures related to the pandemic are currently forbidding the hosting of any event in the public space until September 2021, the Collectif decided to continue its residency programmes, creations, meetings with

the population, artistic practice workshops with children throughout the summer, waiting for better days to come, in a country hit by an unprecedented economic and political crisis.

In view of these difficulties, Circostrada has maintained the meeting, while adjusting its format and content to the current situation. It will take place in Hammana and will allow discussions between European and Lebanese professionals at Hammana Artist House as well as during several meetings with artists and cultural stakeholders in Beirut.

## Programme

### TUESDAY, JULY 27TH

Arrival in Beirut, transfer and installation at the Hammana hotel.

19:00 : Visit of Hammana Artists House, presentation of the team and discussion with Eric Deniau, co-director of the Kahraba collective.
