FOREWORD

We are delighted to extend a warm welcome to you for the inaugural Circostrada Annual General Meeting (AGM) in Germany, set to take place in the picturesque cities of Karlsruhe and Rastatt, nestled near the banks of the River Rhine. These two cities are conveniently linked by a comfortable tram ride lasting approximately 30 minutes. Rastatt, with its historical roots dating back to 1084, may be smaller in size with around 50.000 residents, but it boasts a rich heritage.

Since 1993, Rastatt has been the proud host of Germany's largest outdoor arts festival, the tête-à-tête festival. This festival, held from May 29th to June 2nd, offers freely accessible performances at various venues throughout the city, along with special evening shows. This year, as Rastatt commemorates the 175th anniversary of the Baden Revolution, it serves as an ideal setting to explore the intersection of outdoor arts and democracy. The tête-à-tête festival embodies this fusion by fostering encounters, facilitating dialogue and nurturing a sense of community.

Karlsruhe, founded in the baroque era and home to approximately 300,000 inhabitants, stands as a significant city in southwest Germany. Notably, the socio-cultural centre, TOLLHAUS, offers a diverse programme encompassing various genres. Since the 1980s, contemporary circus has been a focal point of TOLLHAUS's programming. Moreover, since 2016, TOLLHAUS has annually hosted the ATOLL Festival for contemporary circus art each September. For the Circostrada AGM, TOLLHAUS will organise a condensed version of this festival called ATOLL Extra, offering a unique glimpse into Germany's vibrant and burgeoning circus scene, including presentations hosted by the German Federal Association for Contemporary Circus.

The AGM's first segment will unfold in Karlsruhe, emphasising contemporary circus art alongside network updates, workshops, and opportunities to explore the city, including the vibrant slaughterhouse area where Tollhaus resides. Of course, ample time for networking will be provided.

Subsequently, we will journey to the tête-à-tête festival in Rastatt, where the focus shifts towards outdoor arts. Alongside plenary sessions and an extensive festival programme, we will receive an exclusive showcase presented by the German Federation of Outdoor Arts, further enriching our experience.

We encourage you to seize the opportunity presented by these days filled with exchange and inspiration, fostering new partnerships, sharing ideas, and embracing the transformative power of contemporary circus and outdoor arts. Let the arts embolden us to push boundaries and perceive the world through a fresh lens.

Welcome to Karlsruhe and Rastatt!

The artists challenge each other, push their limits, look out for each other and share not only their artistic vision but also their vision of community with the audience. Common Ground is a show full of acrobatics, positive energy, excitement and humour. The six artists shine in their solos, but more importantly they perform as a group.

1. Mobility grants

Cirostrada members can apply for a mobility grant of €250 to cover travel and/or accommodation costs. Applications must be submitted via the registration form. If there are more applicants than the available budget, the coordination team will select candidates on the basis of their motivation and taking into account the balance of representation at the meeting. Should you be selected, more information will be sent regarding practical and administrative rules.

2. It is my first time coming to an Annual General Meeting

If you're a newcomer, don't worry, we've got you covered. A member of the STCO will help you find your way around the networking events and the can't-miss event. We will also organise a first lunch with other new members and the coordination team.

3. Circostrada internal committees: basic principles

The network is composed of the following 2 internal committees:

- Annual thematic committee (Common body/ies for 2023-2024)
- Fresh Street 2025 committee

These committees are made to strengthen the collaborative fabric of the network and build future tailor-made actions. They give members the possibility to go more in depth into the project activities and contents, allow them to deepen their understanding of a series of contemporary challenges, and help the coordination team to remain at the heart of their sectors' needs.

TOLLHAUS KARLSRUHE & ATOLL FESTIVAL

In its history the 1982 founded Kulturverein TOLLHAUS very early was attracted by physical theatre, dance, the acrobatic arts of circus and street theatre. End of the 80's TOLLHAUS started to collaborate regularly with the French-German Rock-Circus Gosh and invited famous representatives of Cirque Nouveau. Getting an own house in 1992 as pioneer in an old slaughterhouse area designed to be transformed to a park for culture and creative industries, reinforced by the addition of a large theatre hall beside the street theatre festival "Platzda!" circus grew in importance in the wide-ranging program of TOLLHAUS. Also, as co-producer TOLLHAUS intensified its activities.

As a socio-cultural organisation, TOLLHAUS is not mainly focused on contemporary circus, but is open to new and exciting developments in a broad cultural field. The program consists of many different artistic genres, especially music and all kinds of performing arts.

An essential aspect for the TOLLHAUS is the collaboration with and especially the presentation of current productions from the independent scene. And it is fundamentally important to be an open house for large sections of the population and to collaborate with groups from civil society and other cultural and cultural-political organisations.

In 2016 TOLLHAUS focused its engagement for the contemporary circus in ATOLL Festival, which has been held annually in September ever since. Beside the Berlin CRCS festival ATOLL was the first festival in Germany exclusively designed for contemporary circus arts. For the AGM, TOLLHAUS is presenting Circus Art as a mini festival which is called ATOLL EXTRA. The next edition of ATOLL FESTIVAL will take place from 12 to 22 September 2024.

ZWEIFELLOS.NET & TÊTE-A-TÊTE

zweifellos.net, based in Bremen, is a cultural agency specialising in managing cultural events, festivals and projects. Led by Julia von Wild and Kathrin Bahr, zweifellos.net offers a wide range of services and is responsible for the artistic direction and production of ParkPerPlex and tête-à-tête festival. Collaborating closely with artists and stakeholders the agency strives to create unique and inspiring cultural experiences.

tête-à-tête the international festival for street theatre and contemporary circus will take place for the 16th time in Rastatt from May 29th to June 2nd. With over 80,000 visitors over the weekend and artists from around the world, the festival transforms the streets and parks of Rastatt into a vibrant stage. With its wide range of genres, tête-à-tête provides a stage for both renowned artists and hidden gems.

The festival positions itself as a modern, progressive event in a unique setting which also provides a platform for international exchange. What once began as a modest German-French event in the 1990s has now become the largest international street theater festival in Germany. Under the artistic direction of Julia von Wild and Kathrin Bahr from zweifellos.net, who have taken over in 2015, the tête-à-tête festival has undergone an artistic realignment and gained even more significance in the international festival scene.
